CODY'S MALTA DRINK

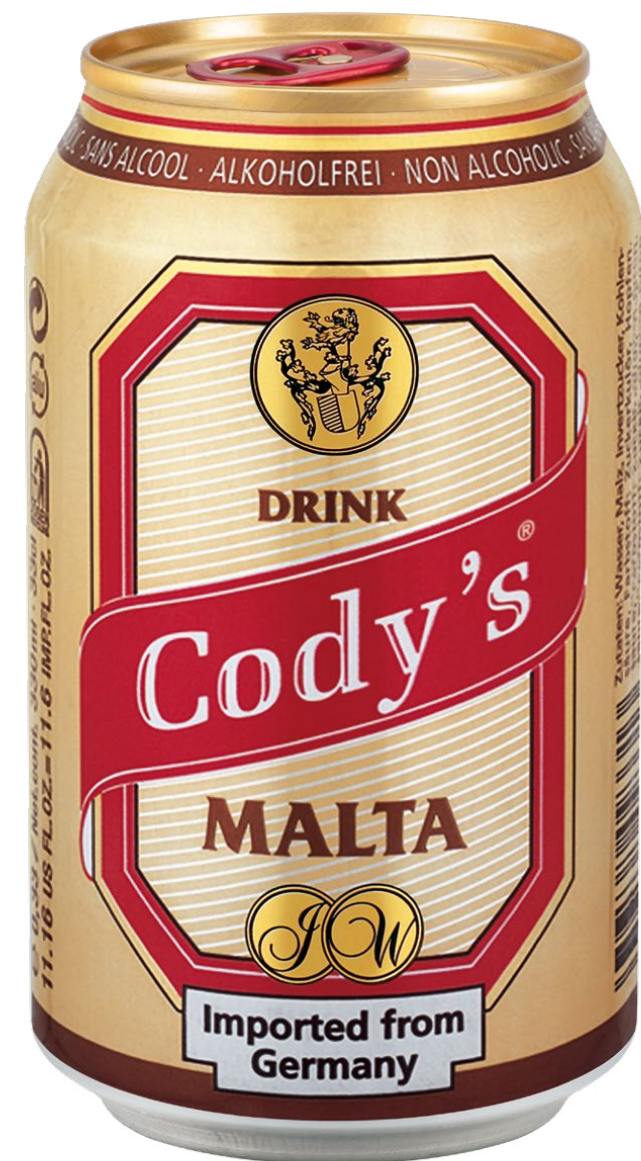

330 ml / non-alcoholic

Tingles like Champagne and looks like cola – this combination makes Cody's Malta a truly divine drink. Its naturally sweet flavour together with the fruit acid is extremely refreshing – on the rocks, with milk or straight. The nutritious malt extracts included are rich in vitamin B and are absorbed by the body immediately. This makes Cody's Malta your natural source of energy any time of the day.

CODY'S EXPORT

330 ml / 500 ml / 5.4%

A beer that travels the whole world and makes every meeting that bit more relaxed: full-bodied, with a strong taste and character. High-quality ingredients ensure its typically German note. A positive side-effect of using a recipe with such a long tradition: even without cooling, the beer will be just as fresh and delicious when it reaches you as when it left the brewery in Germany. With a golden-yellow colour, pleasantly bitter taste and a flavour your customers will love.

CODY'S WHEAT BEER

500 ml / 4.9%

This truly Bavarian beer is just like the pastures it originated in: refreshingly different. Unlike the bottom-fermented beer types, wheat beer is brewed from wheat and barley malt using top-fermented yeast. This is what gives it its naturally cloudy appearance and the uniquely mild flavour. The light amber beer's higher share of carbonation lends it a surprising freshness – even more so if you drink from the tall, slightly curved glass made specially for wheat beers.

CODY'S BEER WITH CITRUS-VODKA TASTE

500 ml / 5.9%

A refreshing beer with a unique fruity taste! The delicious drink is sure to appeal with its perfectly balanced mixture of pure strong beer and the finest citrus vodka flavour. The strong beer – like all beers from Cody's – originates from Germany, which is known for high-quality ingredients and premium taste. Slightly sweet, slightly dry – simply a golden-yellow pleasure!

CODY'S BEER WITH TROPICAL-RUM TASTE

500 ml / 5.9%

A refreshing tropical-style beer crafted for easy enjoyment and a well-balanced taste experience. Brewed with barley malt and carefully selected ingredients, it delivers a fruity character with notes of tropical fruits, gentle sweetness, and a refreshing finish. A subtle hint of rum spirit adds a distinctive twist that enhances its exotic profile and sets it apart from traditional beers.

CODY'S EXTRA STOUT

330 ml / 500 ml / 7.5%

To call its flavour “intense” would be an understatement – Extra Stout is a true taste experience. What strikes you first is the very dark, almost black colour with a head resembling finest caramel. There is a faint aroma of malt coffee. You take a sip and instead taste the strong, beery flavour of hops. On your tongue, it merges with the strong aroma of coffee before a fruity note lends its spice to the flavour. Unforgettable for those with a taste for the bitter and the hearty.

CODY'S SUPER STRONG

500 ml / 8.9%

Can full-bodied sweet and malty flavours go together with a masculine strong beer? You bet it can! With its almost nine per cent alcohol, Cody's Super Strong has been welcomed as a regular by the toughest guys at pubs, sports clubs and parties the world over. Plus, women like the beer, too – and not just for its iridescent and deep amber colour.

CODY'S EXTRA SUPER STRONG

500 ml / 12%

Unquestionably the strongest beer in Cody's range, this one's not for the faint of heart. The twelve per cent alcohol delivers full-bodied flavour with full force. This is obtained entirely through fermentation – no alcohol is artificially added. The high alcohol content develops completely naturally through the addition of maize and barley malt. The resulting amber, almost copper-coloured beer is a test of character for even strong experts.
